Although, the plastic bags is the one of the simplest item in International Trade. But owing to the methods for measuring are different in different countries.

Hereby, we send you this note. Owing to let you know how we measured the bag and which data is necessary for our quotation work.

■ Data of the size:

In CM or INCH units,

Data of Length & width & Gusset are Required.

We suggest you to provided above data with CM unit, better for our calculation.

Of course, Inch unit acceptable too.

1inch=2.54cm

■ Thickness of the bag:

Unit with Mil OR mic (micron) OR mm.

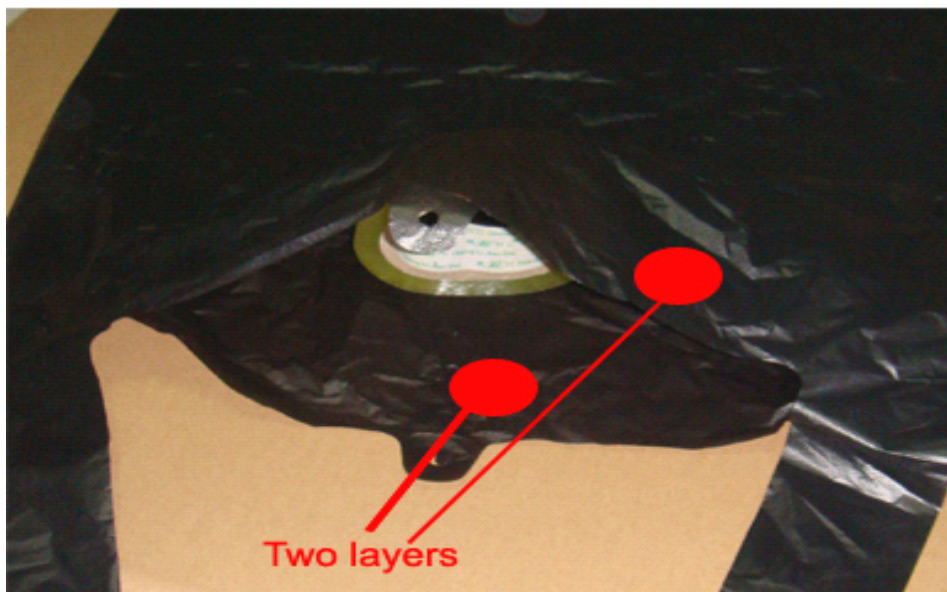

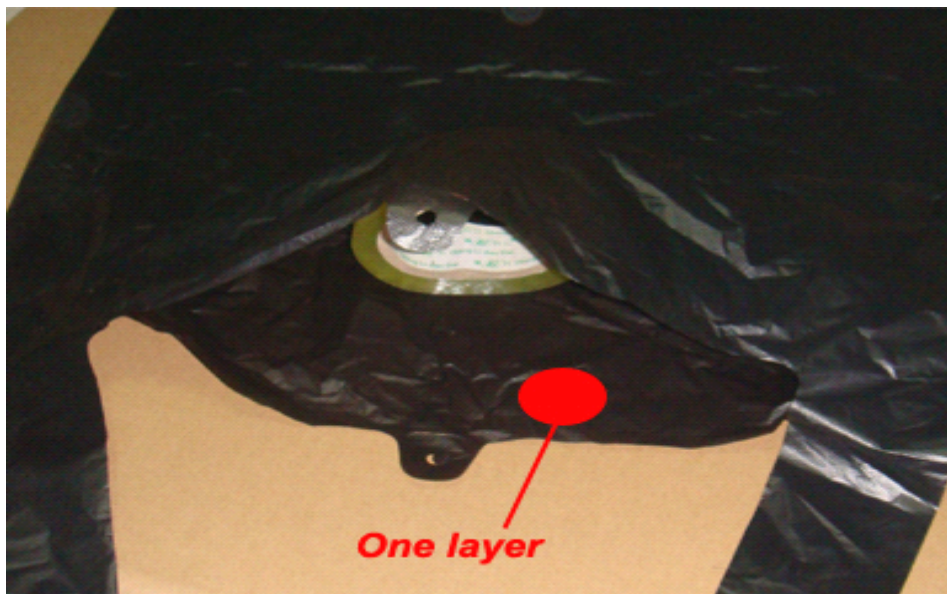

1mil = 1/1000inch = 0.00254cm = 0.0254mm

1mil=25.4micron

Please note that, **the thickness of the bag means one layer of the bag** unless particularly marked the thickness for two layers total.

So, if the thickness you send us means two layers of the bag,

Please note in particular
